HALF A MILLION

In Claims Over the Dynamite Explosion at Jellico, Tenn.

Glasgow, Ky.—Two suits for \$20,000 and \$40,000 have been filed at Williamsburg, Ky., in the Whitney county circuit court for damages for injuries sustained in the dynamite explosion at Jellico, Tenn., on September 21. One of the suits is in behalf of A. J. Bowlin, who was seriously injured, and the other for the heirs of John Adams, who was killed.

The property and personal injury claims arising from the explosion will not up perhaps to a half million dollars. The catastrophe was caused by an explosion of 440 cases of dynamite which were in a box car on the L. & N. sidetrack and were exploded, it is said by the Southern "kicking" a carload of pig iron against it.

The men were separated by friends with whom they had dined in the cafe.

Recently Mr. Breckinridge has been publishing articles in his paper which Mr. Jones claims unjustly reflected on the goods manufactured by it. According to Mr. Jones' friend the articles were inspired by the loss of the state fair to Lexington, the Louisville man having taken an active part in bringing the fair to this city.

WINFREY REPLIES TO GULLION

SOME PLAIN TALK IN STATE SUPERINTENDENT'S RACE.

Damaging Facts Submitted to Show That Gullion is Double-Dealing.

To the Democrats of Kentucky:

My opponent, Mr. E. A. Gullion, is greatly disturbed over the fact that the voters all over the state are finding out that he is trying to sell into the State Superintendent's office under false colors, and that evidences of double-dealing are rapidly accumulating against him.

Many persons who knew the relationship existing between Mr. Gullion and certain persons in the city of Lexington, who are known to be unfriendly to the normal school movement, were suspicious from the time of his announcement that there was a "nigger in the woodpile." This feeling now seems to be well-nigh universal.

Recognizing the great popularity of the normal school movement in the state, and being conscious that the people generally are speculating in the fact that his candidacy has, from the first, been strongly endorsed by those who opposed the normal school bill, my opponent comes out in the

M. O. WINFREY, A. B.

papers of the state and in circular letters insists that there are no persons opposing normal schools. In his efforts to deceive the public, he goes on further and deliberately misrepresents his attitude in the fight for state normal schools, and ingeniously conceals his real mission in Frankfort last winter. He has the audacity to claim that he spent 50 days of the 60-day session of the last legislature in Frankfort, in the special interest of the state normal school bill, and that he did everything in his power to secure its passage, adding that certainly no one was more active in promoting the measure than himself. He even makes a feeble attempt to prove this ridiculous and glaring misrepresentation by persons who were not in position to know whether he worked for the bill or not, except by taking his word for it, since none of them were on any committees which had this bill under discussion.

In order that the voters of the state may know that my opponent is attempting to deceive them in this matter, I submit below statements from members of the legislature who were in position to know who worked for the normal school bill, and who also know what Mr. Gullion's real business was in Frankfort during the last session of the legislature.

Senator Conn Linn Talks.
I was chairman of the educational committee in the senate, during the session of 1906, and as such I was greatly interested in the state normal school bill, drawn by Prof. M. O. Winfrey and introduced by the late R. W. Miller. I will remember Prof. Winfrey as the champion of that bill both before and during the recent legislature.

I do not recall that Mr. E. A. Gullion ever met with the senate committee on education or that he ever spoke to me on the subject of state normals. It was my understanding, in fact, I think he told me, that he was in Frankfort as the lobbyist for the newspaper libel bill, which was defeated. I never heard from him on any subject outside of newspaper legislation.

Very truly,
CONN LINN,
Chairman Senate Educational Committee.

Gullion a Lobbyist.

I was a member of Educational Committee No. 1, in the house, and was secretary of the subcommittee which had charge of the redrafting of the normal school bill. I attended every meeting of the committee and of the subcommittee. We were in frequent conference with educators from all parts of the state, but I do not recall that Mr. E. A. Gullion attended a single meeting, nor did he by suggestion or otherwise render the committee any assistance. I was cognizant of every step leading up to the passage

of the act, and I never knew of Mr. Gullion's taking any interest whatever in the welfare of the measure. I do know, however, that he spent a great deal of time before the legislature as the champion of the libel bill. It was only as a lobbyist for the newspapers that he ever approached me.

CHARLES I. DAWSON,
Representing Member House Educational Committee.

Championed the Libel Bill.

In reply to your inquiry, I will state that I do not recall that Mr. E. A. Gullion ever appeared before the committee on appropriations at any of its meetings to urge favorable action on the state normal school appropriation, nor do I recall that he ever approached me on the subject.

I know he was in Frankfort a good part of the session, but it was my understanding that he was there as the representative of the Press Association, in the interest of the newspaper libel bill.

I do recall very distinctly that Dr. Hume, Prof. Curry and Prof. Winfrey were present at these meetings. I make this statement without any ill-feeling toward Mr. Gullion.

E. E. SHELMAN,
Chm. Appropriation Committee.

May Have Favored Wrong Measure.

In reply to your question as to Mr. E. A. Gullion's attitude on the state normal school matter, and as to whether he ever appeared before the house appropriation committee in their interest, I desire to say that I do not remember his appearance before that committee on any subject, though he may have done so. I attended nearly all the meetings of that committee, and remember distinctly the appearance of Hon. R. W. Miller and others in the interest of the normal bill, but do not recall any part that Mr. Gullion may have taken in the question.

I remember the appearance of Pres. James K. Patterson in the interest of the normal appropriation for the State college at Lexington, and I may be that Mr. Gullion was interested in that matter, thus confusing the two normal school bills.

Truly your friend,
LOUIS P. HEAD,
Member Appropriation Committee.

In view of the above statements, what becomes of my opponent's claim that he was in Frankfort 50 days last winter in the special interest of the state normal school bill?

It is evident that he is trying to deceive the public by claiming to have labored to promote this normal school legislation. Why did he try to conceal his real business before the legislature? "All the people can not be fooled all the time." Verily he has seen the "handwriting on the wall."

Four Candidates From Seventh District.

There are 11 congressional districts in the state and nine candidates to be nominated for state offices. The Seventh district has four candidates in the field, Mr. Gullion for State Superintendent being the last one to announce. Two of these four candidates have no opposition, viz: Hon. Henry M. Bosworth for auditor and Hon. South Trimble for lieutenant governor.

As a matter of fairness and justice to the other sections of the state, and in order to strengthen the ticket would it not be advisable to distribute the candidates over the state, rather than to nominate four out of nine from one section?

Supt. Fuqua's Indorsement.
My opponent has given wide publicity to a statement which he secured from State Superintendent Fuqua, after promising Mr. Fuqua a place on his state board of examiners.

In order to correct any false impressions that this letter may have caused I publish herewith a letter written by Mr. Fuqua a few days ago:

"Frankfort, Ky., Sept. 11, 1906.
"I have known Mr. M. O. Winfrey a number of years, and have always found him very zealous and active in the cause of education, and a successful and skillful teacher. He has been a member of the State Board of Examiners since my entrance into office, and has discharged his duties faithfully and efficiently. He was very active and untiring in his efforts for the establishing of the two normal schools. It is a pleasure to me to give these testimonials of regard for Mr. Winfrey."
Very truly,
"JAS. H. FUQUA, SR.,
"Supt. of Public Instruction."

Gullion Attacks Jim Stone.

Mr. Gullion seems greatly worried over the fact that I have selected for chief clerk Hon. James E. Stone, former county superintendent of Breckinridge county for two terms and chief clerk of the house of representatives for the past 25 years. He seems greatly distressed over Mr. Stone's superior fitness for the place, and goes on to say that this is not a popularity contest between chief clerks. He seems to argue that efficiency in a chief clerk is unnecessary, for he says, "A machine can add a column of figures." I wonder if this was the idea which prompted him in selecting his chief clerk.

The thousands of friends of Hon. James E. Stone throughout the state will resent Mr. Gullion's weak attempt to reflect upon him.

From One Who Knows.

Prof. M. O. Winfrey worked incessantly for nearly two years to pave the way for state normal schools. During

the two years prior to the meeting of the last legislature he did more to mold and develop public sentiment in favor of these institutions than any other man in Kentucky. During the session of the last legislature he spent much time in Frankfort, and was always alert and active for the state normal school bill, of which he was the author.

He should ever be remembered by the teachers and friends of education in Kentucky as one who has labored faithfully and sacrificed much for the success of this great cause.

DR. E. E. HUME,
Chairman Executive Committee, Educational Improvement Commission.

Middlesborough School Board.

Prof. M. O. Winfrey is one of the most thoroughly equipped and accomplished school superintendents we have ever had the pleasure of knowing. Besides being highly educated, and a strictly moral, upright Christian gentleman, he is one of the most active and zealous educators within our acquaintance. He has within four years revolutionized our schools. He has brought order out of chaos. He is peculiarly fitted for his work, being gifted with exceptional executive ability and the power of enlisting the community in the cause of education. As a result of his good work here we are straining ourselves financially to erect for him a \$30,000 high school building.

While we would regret exceedingly to lose his services, yet we can not say too much in praise of him as a wide-awake, up-to-date educator. We are proud of him.

Very truly,
R. L. RALSTON, President.
H. H. SPRAGUE, Secretary.
WM. WALLBRECHT, Treasurer.
Board of Education, Middlesborough City Schools.

WHAT PROMINENT SCHOOL MEN SAY.

From Prof. T. J. Coates, Supt. Princeton City Schools.

Supt. M. O. Winfrey of Middlesborough, Ky., stands in the very front rank of school men in this state. As a member of the State Board of Examiners, as President of the Kentucky Educational Association, as President of the Educational Improvement Commission of Kentucky, as superintendent of the city schools of Stanford and Middlesborough, as institute instructor and platform lecturer, he has proven his right to be ranked among the brightest, truest and brainiest young men of the south. He is in the prime of life, hardly forty yet, ambitious, energetic, a tireless worker, with superb health and splendid courage. The school of the state, I sincerely believe, would be vastly benefited under his administration. I know no man who has done more than he to arouse and direct public opinion along educational lines. His life, his heart, his hopes are in his work. Above all he is a man of action; he brings things to pass. He has crowded more work into his eighteen years of school life than any other young man I know. He is a born leader.

For these reasons I believe the welfare of the school children of the state and the future advancement of Kentucky will be best served by the nomination and election of Professor Winfrey, and therefore I shall cordially support him.

From Prof. John Morris, For Ten Years Superintendent of Covington Schools.

Covington, Ky., Oct. 23, 1906.
As a school man I am watching the progress of the campaign for Superintendent of Public Instruction with more than ordinary interest; and I feel that the people should be alive to the educational demands of our commonwealth.

The best interests of public schools demand that a thorough school man should be elected to the office of Superintendent of Public Instruction in Kentucky. He should be a teacher by profession and a man of wide experience in actual school work. He should be a leader in his profession as well as a scholar. He should know the educational needs of the state, and should be ever ready to sacrifice personal ease for the good of the state. Such are some of the qualifications the superintendent of public instruction should have. If all the qualifications are possessed by a candidate the people should not hesitate to cast their votes for him on election day.

Fortunately for the educational interests of Kentucky, there is such a candidate in the person of Prof. M. O. Winfrey, superintendent of the Middlesborough city schools.

Very respectfully,
JOHN MORRIS.

From Prof. W. F. Pate, Supt. Lebanon Graded Schools.

In my long association with Prof. Winfrey I have always known him as a man of fine moral character, as an earnest and zealous worker. In any cause that he considers right, as a man of strong convictions and with the courage to carry out those convictions. No man has ever worked more ardently for the upbuilding of our common schools, no one in our state is better equipped for the duties of the important office of Superintendent of Public Instruction, and certain it is that no other one has done such effective work for the establishment of our state normal schools; and in my humble opinion the best thing that can happen to the educational interests of our state is to elect him to the position he seeks and begin a new and more progressive era in Kentucky.

DEMOCRATIC TICKET

For Congress
HON. HARVEY HELM,
Of Lincoln.

THE following from Princeton Ky., says: "Democrats of Caldwell county are incensed at the attempt to perpetrate a rank fraud on them and thereby interfere with their votes in the Democratic primary. Printed letters, signed 'W. S. Taylor's Friends,' mailed from Indianapolis, but said to have been forwarded from Frankfort to Indianapolis, in an effort to make them appear genuine, have been received by many Democrats of this county, and so far as known none of the letters have been received by Republicans. The circulars purport to be intended for Republicans only, and an effort is made to have it appear that it reached Democrats by mistake. The circulars urge Republicans to enter the Democratic primary and help nominate Senator McCreary and N. B. Hays, who the circulars say, 'we know if they are nominated and elected, Gov. Taylor and Mr. Finley will be safe.' The letter closes, 'We got your name from your party leaders who assured us you were made of good stuff. Show this to Democrats and work.' Friends of Senator McCreary say that it is a resort to low campaign tactics and that it is palpably a fraud on its face. The Indianapolis postmark is said to show that the perpetrators sent the circulars to Indianapolis and had them mailed from there, hoping in that way to impose on the Democrats."

This is one of the schemes being perpetrated by the Beckham-Hager machine to deceive the voters and prejudice them against Senator McCreary and Gen. Hays. There is no telling what they will start between now and next Tuesday, and therefore we warn all Democrats, and especially Hays and McCreary Democrats against such under-handed methods.

It is not denied that nearly every member of the State committee hold a fat job under the Beckham-Hager administration. It is not denied that they manipulated members of the last Senatorial caucus to vote against the will of their constituents by trading them jobs in the public service of the State; it is not denied that Percy Haly and Milton Board have been placed at the head of the board of control, which has the expenditure of all money for the purchase of supplies of the charitable institutions and reformatories of the State; therefore the machine adherents cannot abuse Gen. Hays because these things are true and the good people are inquiring into them. It cannot be denied that the machine acted corruptly in giving these jobs to State committee men or the purpose of controlling the action of the committees of the party; that it acted corruptly in trading jobs for votes against Blackburn; that nothing less than corrupt purpose could be behind the appointment of such men as Haly and Board on the board of control. Gen. Hays cannot stop things as attorney general, but as governor he could and would—Henderson Gleaner.

THE reports from all parts of the State indicate an undoubted trend to Hays and McCreary. The Democrats are tired of rule and they are going to smash the state machine by a large majority. Gen. N. B. Hays, the rugged man from the mountains, typifies the hope of good government and the plain people are rallying to him every where. He has not been afraid to come before the people and read from the records to show how he performed his public duties, and all the efforts of the machine papers and adherents to belittle him in the eyes of the people have failed. He is gaining strength every day, at every speech and his nomination is now practically assured. With Hays as the nominee the Democrats will carry

the State by 50,000 majority. Not one thing can be said against his public record and the Republicans will be deprived of all ammunition if he is selected to lead the Democratic hosts of the State—Henderson Gleaner.

VOTE for the first and last candidates on the ballot in the primary next Tuesday and you will be dead sure to be right.

HAYS is first on the ballot and McCreary last. Vote first and last and you will have cast your vote for the two winners.

PRESIDENT PREPARES PLANS FOR PHILIPPINE PARLIAMENT.

TAFT TO INSTALL REGIME

Opening of Walker Indian Reservation May Be Declared Invalid—Washington Notes.

Washington, Oct. 31.—The president is preparing to redeem his promise made to the Philippine people through Secretary Taft that they shall have a parliament of their own, conditioned upon their good behavior for a term of two years, and it is understood that Secretary Taft himself will proceed to the Philippines next spring to witness the installation of the new form of representative government. March 27, 1905, the Philippine census was published, and consequently two years from that date (March 27, 1907), under the terms of the act of congress, the president will direct the Philippine commission to call a general election for the choice of delegates to what will be known as the Philippine assembly. This body is to take over all legislative powers heretofore exercised by the Philippine commission in all that part of the archipelago not inhabited by Moors or non-Christian tribes.

The new assembly, or legislature, will consist of two houses, to be known as the Philippine commission and the Philippine assembly, the latter to consist of not less than 50 nor more than 100 members. It is probable that the present commission will be merged in the upper house.

CHEEKS OF FAIR LION TAMER

Were Nearly Bitten Off By the Angry Beast.

New York, Oct. 31.—Mme. Emma Schell, a professional lion tamer, stopped to wave a greeting to her cheering audience before she put her head in the jaws of a lioness in Huber's museum, and that second of delay saved her life. The great rows of teeth of the beast snapped together, and Mme. Schell is in Bellevue hospital with both cheeks nearly bitten off by the maddened beast, and her beauty is so marred that she will never enter a lion cage again.

Before an audience of 500 persons Mme. Schell entered the cage with nothing but a short whip to protect her. As she opened the door the female sprang at her, but she cowed the brute with whip licks, closed the gate and successfully put the lions through their paces, excepting the final act, which ended disastrously.

Mme. Schell would have been torn to pieces, but the lion, who had been growing in his corner, sprang forward and attacked the frenzied lioness. While they fought, gnashing and clawing at each other across the cage, women in the audience fainted, and even the men ran to the street. The door was thrown open and the attendant dashed in. He fired a dozen shots at the lions, jabbed them with the prod and succeeded in forcing them apart and into different corners. Mme. Schell was carried to the hospital still unconscious. Surgeons took 12 stitches in the gaping wound in her right cheek and 18 in the left.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it is "in fact, the popular Unabridged thoroughly re-edited in every detail, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained."

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition and that in the future as in the past it will be the source of constant reference.

The musical at the college on Friday evening of last week was a very entertaining affair. These recitals, which are scheduled for each month, promise to be the most enjoyable breaks in the dull routine of the winter. The recital given on last Friday was the first of the series and was fully up to the standard of excellence maintained by Miss Taylor. The program contained some of the choicest tidbits of music, and every selection was rendered with the skill of a master by Mr. McDonald and Mrs. von Eichen.

This is the second time Mr. Williams has lost by fire, having been burned out in the big fire in Mt. SENATOR MCCREARY AT STANFORD.

At no place in Kentucky since the opening of his campaign, has Senator McCreary received a more cordial welcome, than that which greeted him at Stanford Tuesday. Special trains, two-horse wagons, on horse back any old way to get there people came to hear, to the number of 3000 to 4000 to show their appreciation of that grand old statesman, who stands preeminent in the greatest in Kentucky to-day. Two brass bands headed the procession, which formed just outside the city limits and marched to the St. Asaph hotel. The court house not having seating capacity for any thing like half the crowd, the Walton opera house was secured, and with that, more than half the crowd was turned away, not being able to find even standing room. The Stanford reception was all that the Senator could have asked.

Wildie, Ky., Nov. 1 1906

Editor Signal:—Feeling that many of those, who are opposing Attorney General Hays in his race for Governor, do not know or appreciate the kind of a man he is, I take this means, if you will permit me the space in your valuable paper to say to my fellow democrats, that I have known Napoleon Hays from boyhood and, if I am any Judge of what it takes to make a true, honest, christian gentleman, I believe he is one. When boys, he and I went to school together, and on many a cold frosty morning, I have seen him, as a little boy, bare footed, in his shirt sleeves, (because of his surroundings could not afford better) come into the school room shivering from cold. By his own efforts, and his purity of heart and purpose, he has attained that station in life, which few men, left as he was have ever acquired. To my fellow democrats of Rockcastle county, I appeal to you that when you go into your booth

RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTHWEST, WHERE LAND SELLS FOR \$15 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and Northern Louisiana is the fact that cleared land rents for \$5 per acre, cash and can be bought for \$7.50 to \$15 per acre. It costs \$6 to \$10 an acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$45 to \$60. This accounts for its high rental value. Other crops such as corn small grains, grasses, vegetables and fruits thrive as well.

Alfalfa yields 4 to 6 cuttings, a ton a cutting, and brings \$10 to \$16 per ton.

In other sections of these states, and in Texas as well, the rolling or hill-land is especially adapted to stock raising and fruit growing. Land is very cheap, \$5 to \$10; improved farms \$10, \$15 to \$25 per acre.

The new White River country offers many opportunities for settlers. High, rolling, fine water—it is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre.

See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request.
